EXAMINER'S REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The examiner takes as his reasons for allowance the reasons given for patentability as set forth in applicant's "REMARKS" filed with the amendment entered with the RCE. The examiner also wants to point out that further support for applicant's newly added limitation of: "wherein the triglyceride-rich oleaginous seed is not subjected to an oil-extraction step prior to the transesterification reaction of step (e)" as set forth in independent claim 1, is found on page 3, lines 14-20 of the specification as originally filed even though said support is found under the section heading "Background Information" because it sets forth a need not met by the prior-art which is now being addressed by applicant's disclosed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
